RE: NEGOTIATIONS COMMITTEE

This letter serves as notification that there is **no representative** from the Weight & Balance department on the current Negotiations Committee. The reason for this is that no member showed up at the Regular Monthly Meeting of March 10, 2009 when the Negotiation Committee nomination was fulfilled. There was no nomination or acceptance letter from this department. Therefore, the Negotiations Committee will be negotiating on behalf of this department. Please forward any concerns or agenda items to my office.

Thank you
